3 LEVELS OF SERVICE LENGTH

- S: 25 cm
- M: 30 cm
- L: 35 cm

**PLUS**

**Maximum hygiene**

**Save cost**

**Maximum efficiency**

**Eco-Friendly**

**High image**

**Superior user experience**

## Maximum Hygiene

- Thanks to **single dispensing**, you only touch what you use
- **Internal button** facilitates refilling by **reducing contacts with the roll**
- The **semi-transparent side** limits dispenser openings to when it's truly necessary, **reducing external contamination**

## Save Cost

- **Single-sheet dispensing** reduces usage by **30%**
- The **semi-transparent side** allows monitoring of the refill level, **reducing staff maintenance** to when it's strictly necessary
- The **service adjustable in 3 dimensions** makes the dispenser adaptable to any setting, helping **reduce waste and costs**

## Maximum Efficiency

- **Battery consumption among the lowest on the market** (compared to competing automatic autocut systems)  
  
From a minimum of 30,000 services to a maximum of 52,000 services (25 cm each)
- **Simple and fast refilling** thanks to the **internal button** that automates and **facilitates paper loading**
- The **captive system** always ensures the **quality consistency** and **maximum product performance**
- The **semi-transparent side** allows for continuous service
- **High autonomy** in one of the **most compact sizes** on the market
- The **snap-fit key opening system** makes **maintenance easy and fast**
- Always **ready-to-use service**
- **Smooth lines** for **easy cleaning**

CarraraProfessional

## Eco-Friendly

- **Single-sheet dispensing** for **reduced product waste** and greater environmental respect

## High Image

- **Distinctive and elegant design** for **greater prestige** of both the dispenser and the environment where it is installed
- **Dual-finish material** for **enhanced value** of the dispenser and the surrounding environment

## Superior User Experience

- **Consistent quality** for **maximum performance** during use
- **Quality guarantee under the CCPRO** – Carrara Professional brand

## ESSENTIA FOAM SOAP DISPENSER

*NO-TOUCH* - COD. 01409

*MANUAL* - COD. 01408

# TECHNICAL FEATURES

CarraraProfessional

## NO-TOUCH

**BATTERY POWERED**  
(6 AA batteries)

### LUMINOUS DISPLAY

FOR AN EASY MONITORING OF DISPENSING:

- **FLASHING RED LIGHT DURING USE:** indicated that the dispenser is ready and in operation
- **FIX RED LIGHT:** low batteries

## KEY CLOSING AND OPENING SYSTEM

WHITE COLOUR

«CC PRO» LOGO

### FLEXIBLE:

The dispenser is fully modular (originally automatic but can be switched to manual or automatic without being uninstalled from the wall)

### INTERCHANGEABLE:

The dispenser can dispense both liquid and foam by simply changing the pump

**FOAM CARTRIDGE IN 850 ML**

**REMOVABLE AND REPLACEABLE IN ALL THE PARTS**

**SUPPLIED WITH A BUILT-IN PUMP**

**DRIP TRAY SUPPORT CAN BE INSTALLED**

## MANUAL

**MANUAL OPERATION WITH ERGONOMIC HANDLE**

**PLUS**

**Maximum hygiene**

**Save cost**

**Maximum efficiency**

**Eco-Friendly**

**High image**

**Superior user experience**

## Maximum Hygiene

- Thanks to **automated dispensing**, there is no contact with the dispenser and the **risk of contamination is completely eliminated**.
- (no-touch version)

## Save Cost

- The **high capacity** of the dispenser (up to 1000 ml in the liquid version) **reduces service staff maintenance**
- The **LED light** allows monitoring of service status, **reducing the need for staff intervention**
- Thanks to the complete **flexibility of the dispenser** and the ability to **replace individual components**, the **cost of full replacements can be avoided**.
- The **self-installed and reusable pump reduces refill costs**

## Maximum Efficiency

- Among the **lowest battery consumption** on the market (compared to competing automatic dispensers)
  - Min. 40,000 cycles (16 cartridges for foam soap) and 30,000 cycles (30/45 cartridges for liquid soap)
- **Simple and quick refilling**
- **Interchangeable**: the same dispenser can work with either foam or liquid soap (only the pump needs to be changed)
- **2-in-1**: thanks to the modular dispenser, you can switch from the automatic version to the manual one and vice versa (only the internal housing needs to be changed)
- The **snap-fit key opening system** makes **maintenance easier and faster**
- Thanks to the **LED light**, the service **status is immediately visible**
- Smooth lines for **easy cleaning**

CarraraProfessional

## Eco-Friendly

- ***Self-installed*** and ***reusable pump*** for ***reduced plastic waste***

## High Image

- ***Distinctive and elegant design*** for greater prestige of both the dispenser and the environment where it is installed

## Superior User Experience

- ***Quality guarantee*** under the CCPRO – Carrara Professional brand
- The ***solid, durable, and high-performing product*** ensures a pleasant user experience

PUMP NOT INSTALLED

0,4 ML PER DISPENSING – 2125 TOTAL DISPENSING

**PLUS**

**Maximum hygiene**

**Save cost**

**Maximum efficiency**

**Eco-Friendly**

**High image**

**Superior user experience**

## Maximum Hygiene

- The **sealed cartridge** ensures maximum hygiene by preventing external contamination typical of refillable soaps.

## Save Cost

- Foam soap, compared to liquid soap, allows for **25% product savings per use**
- The **high quality of the soap**, combined with the low dispensing volume (0.4 ml), makes two doses per use sufficient, **saving up to 33% of product** compared to our traditional foam soap

## Maximum Efficiency

- With 33% less product, you get the **same performance as our equivalent 1000 ml** foam product.

## Eco-Friendly

- The **Ecolabel certification** guarantees compliance with environmental regulations throughout its entire life cycle

## High Image

- The **sealed cartridge** ensures the **cleanliness** and **order** of the dispenser and the surrounding environment.
- The foam formulation minimizes waste, keeping spaces tidy and maintaining a high-quality appearance.

## Superior User Experience

- **Quality guarantee** under the CCPRO – Carrara Professional brand
- The **high quality and excellent performance level** of the product ensure a pleasant user experience
