MORE VALUE *to cleanness*

Cleanness is a precious asset that helps us live better. We at
Interchem Italia fully recognise its value.

This is why we daily devote ourselves to spreading and
improving the wellbeing and joy of cleanness.

ITALIA
INTERCHEM

MORE VALUE

*to work
to competence
to quality
to reliability*

Since 1987, we have been developing and manufacturing detergents and professional cleaning systems.

Our products are used in many sectors such as public areas, hotels, restaurants, food and non-food industries, coffee bars, offices and retail distribution outlets. We carefully listen to the specific and ever-increasing needs of these different sectors.

We are guided by the sound concepts of **integrity, transparency** and **reliability** in order to be a credible partner on the market and for the people who work with us.

ONGOING INNOVATION

Since we believe in total and sustainable cleanness, **every year we invest about 10% of our turnover in researching and developing** new solutions that are increasingly more **effective** and **environmentally friendly**.

CONSULTING AND TRAINING

We not only offer products but also provide effective and flexible solutions and responses to meet the needs of our customers and

many end users, also offering them consulting and training, since this is our **service** concept.

UNCOMPROMISING QUALITY

We create **quality** concretely and daily without issuing proclamations because it is an integral part of our work, of our doing business and of our way of living.

We obtained the **ISO 9001 Quality Certification**, the **ISO 14001 Environmental Certification** and the **ISO 45001 Certification for the health and safety of workers**, created an entire product line certified **ECOLABEL** and received the **CONAI award** for packaging sustainability.

We are growing and we want to continue to grow. It is our concept of **excellence**. We do not settle for doing a good job. This is why we strive to continuously improve our products and services, and with them the results of the company.

Creating more value for all.

ONGOING INNOVATION

for a total and sustainable cleanness

CONSULTING AND TRAINING

our idea of service

UNCOMPROMISING QUALITY

because that's what we believe in

more COLLABORATION

TRAINING

The world of **Cleaning** is not just made up of products, but of **integrated cleaning systems**.

This is why we involve our partners and our agents in **training courses** that transmit our **culture for cleaning**. We want to be there, offering specific advice in the classroom or during events also open to end users.

MARKETING AND COMMUNICATION

Our passion for **professional cleaning** leads us to constantly **seek innovative, effective and environmentally friendly solutions**, and to communicate them with traditional and multimedia marketing tools.

Conveying our idea of **continuous innovation** and **excellence** to customers and prospects is a way to share our values.

more INNOVATION

TANK WITH SIDE HANDLE

The ergonomics of the handle with side grip allows to handle the cans with care, consequently operators avoid uncomfortable operations as well as carrying out the precise dosage.

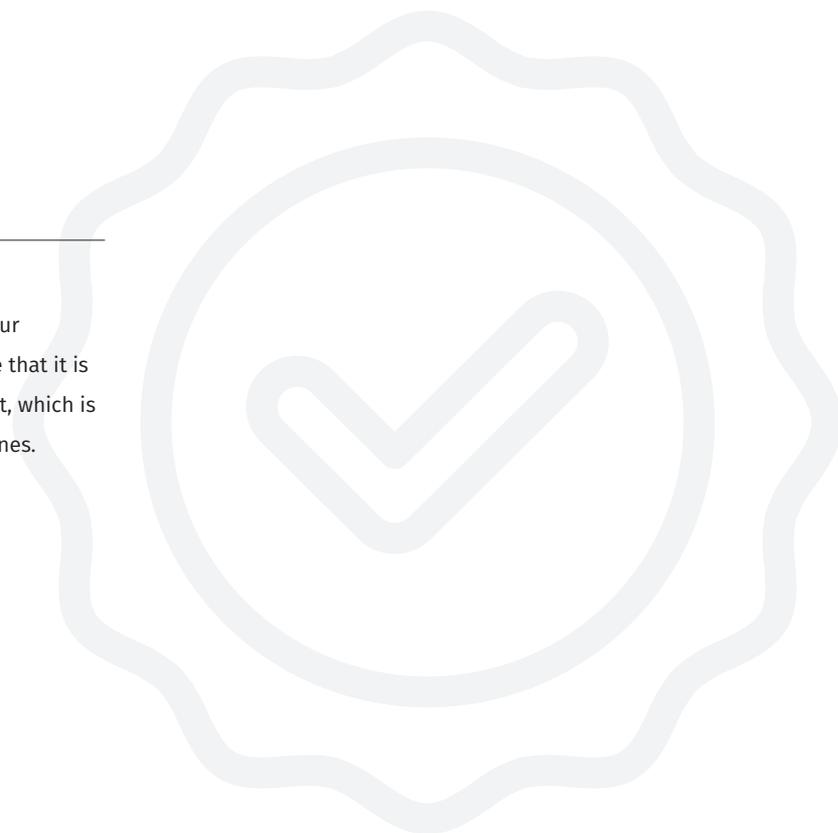

LABELS IN 5 LANGUAGES

Our concept of cleaning “made in Italy” leads us to a value with international companies, which rely on us to satisfy an increasingly demand for quality products. That’s why our labels are in 5 languages.

uncompromising **QUALITY**

We have always been attentive to the quality of our products and environmental issues. We are aware that it is not enough to say it, but it is necessary to prove it, which is why we certify our work, our packaging and our lines.

Company Certifications

ISO CERTIFICATIONS

We guarantee our employees a healthy environment. We produce our detergents respecting the environment and ensuring the highest quality in terms of management, and we do this by monitoring everything through iso certifications.

CERVED CERTIFICATION

We have obtained the Cerved certificate of financial credibility that allows us to fall within the narrow circle of companies with maximum financial reliability.

Product Certifications

ECOLABEL CERTIFICATION

Ecolabel brand for the product line.

VEGAN OK CERTIFICATION

We have obtained the licence to use the VEGAN OK trademark for products that comply with the VEGAN OK Ethical Guidelines.

Awards

EU ECOLABEL AWARD

We have won the EU Ecolabel Communication and Dissemination Award (1st and 5th edition)

CONAI AWARD

We obtained the award for packaging sustainability in 2014, 2019 and 2021.

INDUSTRIA FELIX AWARD

We have obtained the Felix Industria certificate for financial sustainability.

more **SUSTAINABILITY**

For more than 30 years, Interchem Italia has been committed to improving the efficiency of professional cleaning products, reducing waste and optimizing the use of resources.

In recent years, the changes that have occurred in the cleaning market reflect the natural evolution of society, with a growing demand for solutions that guarantee effective results and more rational management of materials, to enable the preservation of natural resources and the protection of the environment, for the benefit of future generations. Our mission is to offer practical and measurable solutions, improving the quality of service and optimizing the resources used in the professional cleaning industry.

To achieve our sustainability goals, we are active on several fronts, such as:

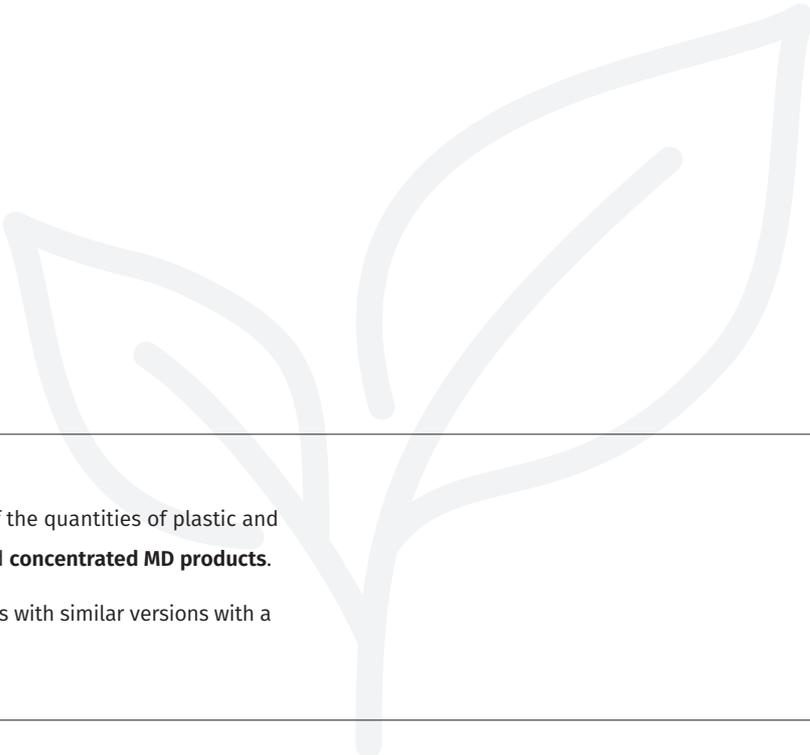

01.

Use, for the production of our detergents, only electricity supplied by an operator that generates it from certified renewable sources

02.

Demonstrate our commitment through compliance with internationally recognised environmental management standards, such as ISO 140001

Every year we contribute concretely to the reduction of the quantities of plastic and thanks to the lines of **Ecolabel certified detergents** and **concentrated MD products**.

We have replaced the traditional plastic bottles and cans with similar versions with a percentage of **recycled plastic**.

We are sustainable through:

RECYCLED PLASTIC

The 750 ml bottles, the 1000 ml bottles for detergents and “right doses” bottles contain at least 30% recycled plastic.

SUSTAINABLE PACKAGING

We distribute our products with recycled paper packaging and / or FSC cardboard.

ECOLABEL CERTIFICATION

A complete line of ecological detergents certified Ecolabel (European Ecological Quality mark).

ENERGY FROM RENEWABLE SOURCES

For the production of our detergents, we only use electricity supplied by a utility that produces it from certified renewable sources.

CONCENTRATED DETERGENTS

An innovative modular and super-concentrated single-dose system, MD Modular Dosing, which reduces the environmental impact and requires 95% less plastic than standard products.

CERTIFICATIONS

We pursue high production, organizational and standards that we monitor and guarantee through ISO 9001, ISO 14001, ISO 45001 certifications.

AREAS *of use*

The Interchem Italia professional detergent lines have been formulated to guarantee the **value of cleanliness** in **all areas of professional cleaning**. From the **Ho.Re.Ca** sector, to the **healthcare** sector, from **industries** to **laundries**, our range offers only the best products to meet the cleaning needs of each sector.

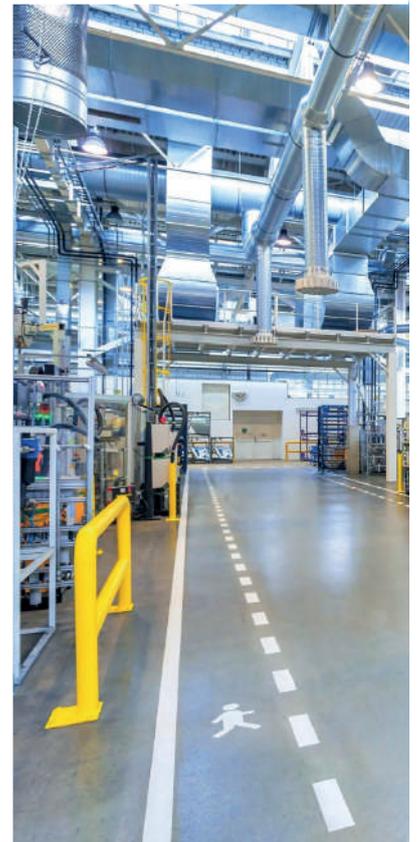

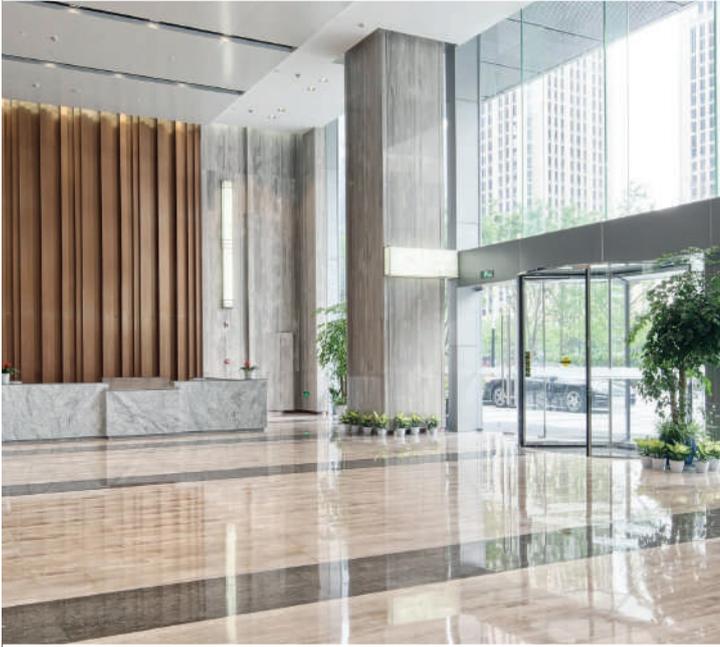

For each area of use we have created complete product lines, able to guarantee the **cleaning of all environments** and specific equipment of the reference sector.

- > **HOTEL AND CONDOMINIUMS**
- > **HOSPITALS AND NURSING HOME**
- > **SCHOOLS AND KINDERGARTENS**
- > **OFFICES**
- > **RESTAURANTS AND BARS**
- > **INDUSTRIES**

Cleaning kitchens, bathrooms, offices, hotel rooms cannot be considered truly professional and effective without the use of **specific products**.

With the aim of ensuring the best sanitation for each environment and **maximum cleanliness** of each piece of furniture, Interchem Italia has created exclusive cleaning detergents for each surface and for any eventuality.

ACCESSORIES

Dosing, nebulizing, mixing and diluting: every operation can be made easier with the right tools. For a **correct** and **better use** of our products, choose our accessories.

PRESS PUMP VITON

Professional pressure pump with viton seals. Capacity: 1.8 l. Ideal for using caustic degreasing detergents or detergents with solvents and disinfectants.

DOSATORE D3

Peristaltic pump with adjustable capacity for metering detergent aid in industrial dishwashers.

DOSATORE B3

Peristaltic pump with adjustable capacity for metering detergent aid in industrial dishwashers.

DOSATORE BIO

Digital system for adding enzymes and bacteria in waste water. Controlled by a daily/weekly clock with 8 on/off cycles for each day.

SPRAY PROFESSIONAL VELA

Professional spray head with adjustable dispenser. Pieces per box: 30

SPRAY SP 05

Spray head with foam-producing nozzle. Pieces per box: 30. Pieces per box: 585.

SPRAY PAC

Maxi professional spray head with 120 cm extension and cap for 5 l canister.

TAPPO RUBINETTO

Cap with dosing tap for 10 liter tanks.

DISPENSER L5012

Dispenser for 500 ml bottle.
Pieces per box: 30 pz.

DISPENSER L5012

Dispenser for 1000 ml bottle.
Pieces per box: 20 pz.

FLACONE ml 750

NEUTRO
750 ml transparent bottle for use with spray head.

BIANCO
750 ml white bottle for use with spray head.

Pieces per box: 12

FLACONE ml 1000

1000 ml white cylindrical bottle with flip-top screw-on cap. Pieces per box: 12

DISPENSER SAPONE SCHIUMA in-foa/wc

Wall dispenser with foam-producing pump for 800 ml cartridge.

PUMP 30

30 ml dispenser with cap for 5 l canister. Pieces per box: 10

PUMP 20

20 ml dispenser with cap for 5 l canister. Pieces per box: 10

DOSING MIX 1.4 BOTTLE

Dilution system for super-concentrated products to connect to the water system in order to get ready-to-use solutions in bottles. Manage 1 product.

DOSING MIX 4.4 BOTTLE

Dilution system for super-concentrated products to connect to the water system in order to get ready-to-use solutions in bottles. Manage 4 products.

DOSING MIX 1.16 BUCKET/WASH

Dilution system for super-concentrated products to connect to the water system in order to get ready-to-use solutions in buckets, sinks and floor washer/dryers.

STAFFA 5

Metal bracket to hang 5 l canister on the wall.
